RECOMMENDATIONS

Tom Munro
VP Technology, Noveda Technologies Inc

“Paul was a true asset to the Noveda team. His in-depth knowledge of website design and development, SEO, graphics and Flash development and an amazing freehand drawing ability helped secure Noveda significant web traffic as well as some major customer contracts based on custom presentations. Paul would be a tremendous asset to any business development team!”

John Lembo, CEA, LEED AP
Vice President/Managing Director, The Ferreira Group

“I worked closely with Paul while developing the content for the Noveda Technologies website. Paul's professional demeanor, artistic capabilities and affable manner were salient to the execution of the project. His creative direction was key in the design and in the content description. I believe Paul will be an asset to any organization.”

Tim Spann,
Programing, Noveda Technologies Inc.

“Paul is a very competent, fast working, excellent web/graphics developer. He is knowledgeable in all the latest web technologies and more than capable in porting a legacy site to the latest CSS/JavaScript/HTML 5/mobile/flash platform.”

Mario Volpi,
Vice President, Sales/Operations, NOVEDA TECHNOLOGIES

“Paul is an extremely talented individual who enjoys being part of a team. His creative mind set, years of experience and contribution was greatly noticed and appreciated. He articulates his thoughts clearly with confidence and the positive results are displayed in his work. He conducts himself as a professional and takes pride in his accomplishments. Customers have expressed their gratitude on many occasions and I truly hope that I have the pleasure to work with him again.”
